**Re: Streamlining Deployment of Small Cell Infrastructure by Improving Wireless
Facilities Siting Policies - WT Docket No. 16-421**

Dear Ms. Dortch:

On February 22, 2017, Hank Hultquist, Celia Nogales, both with AT&T, and the undersigned, met with Rachael Bender, Acting Wireless Advisor to Chairman Pai and Alexandra McLeod, to discuss the above referenced matter.

AT&T discussed the importance of streamlining the deployment of small cell infrastructure by improving wireless facilities siting policies. The meeting included a discussion of the barriers that AT&T faces when trying to deploy small wireless facilities such as excessive fees and siting moratoria, and steps the Commission could take to help industry provide better service to all consumers.

Pursuant to Section 1.1206 of the Commission's rules, an electronic copy of this letter is being filed for inclusion in the above-referenced docket.

Sincerely,

Colleen Thompson

AT&T
